

Student assessment in Madhya Pradesh

ACER will build a student assessment system in Madhya Pradesh as part of *Rajya Shiksha Kendra (RSK)*'s *School Certification Programme*. Under this initiative, schools will be certified as gold, silver, and bronze based on their performance. We will develop assessments for students in grades 3, 5, 8, and 10 in schools that meet the qualifying criteria.

Project at a glance

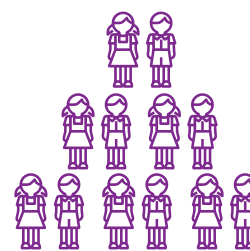

Development of the assessment framework, test items, and analysis and interpretation of assessment data for deriving learning trends and insights into student learning

Development of academic improvement plans based on the challenging areas identified in the assessment

Professional development of key stakeholders on rigorous implementation of assessment

Development of a technological platform for assessment management

600,000
students

2000
schools
