

# Indicators of student engagement

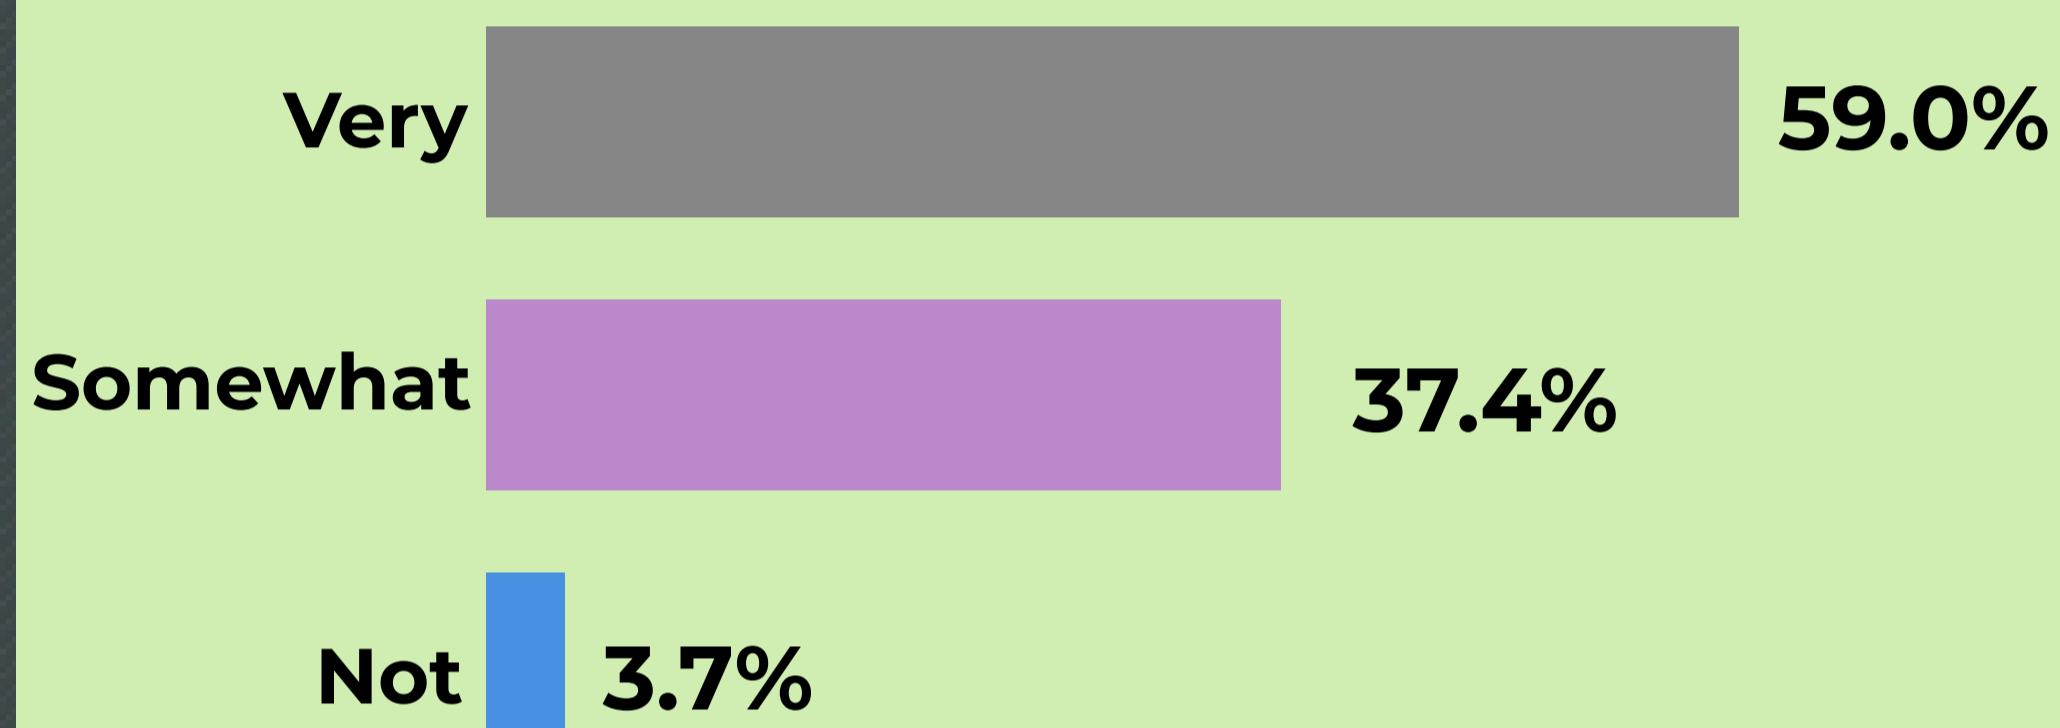

The Western Australian Government recently surveyed 1812 students across Years 3 to 12 on student engagement. Here, we look at some of the results of this survey for students in Years 7 to 12.

Below are proportions of responses to some of the survey questions:

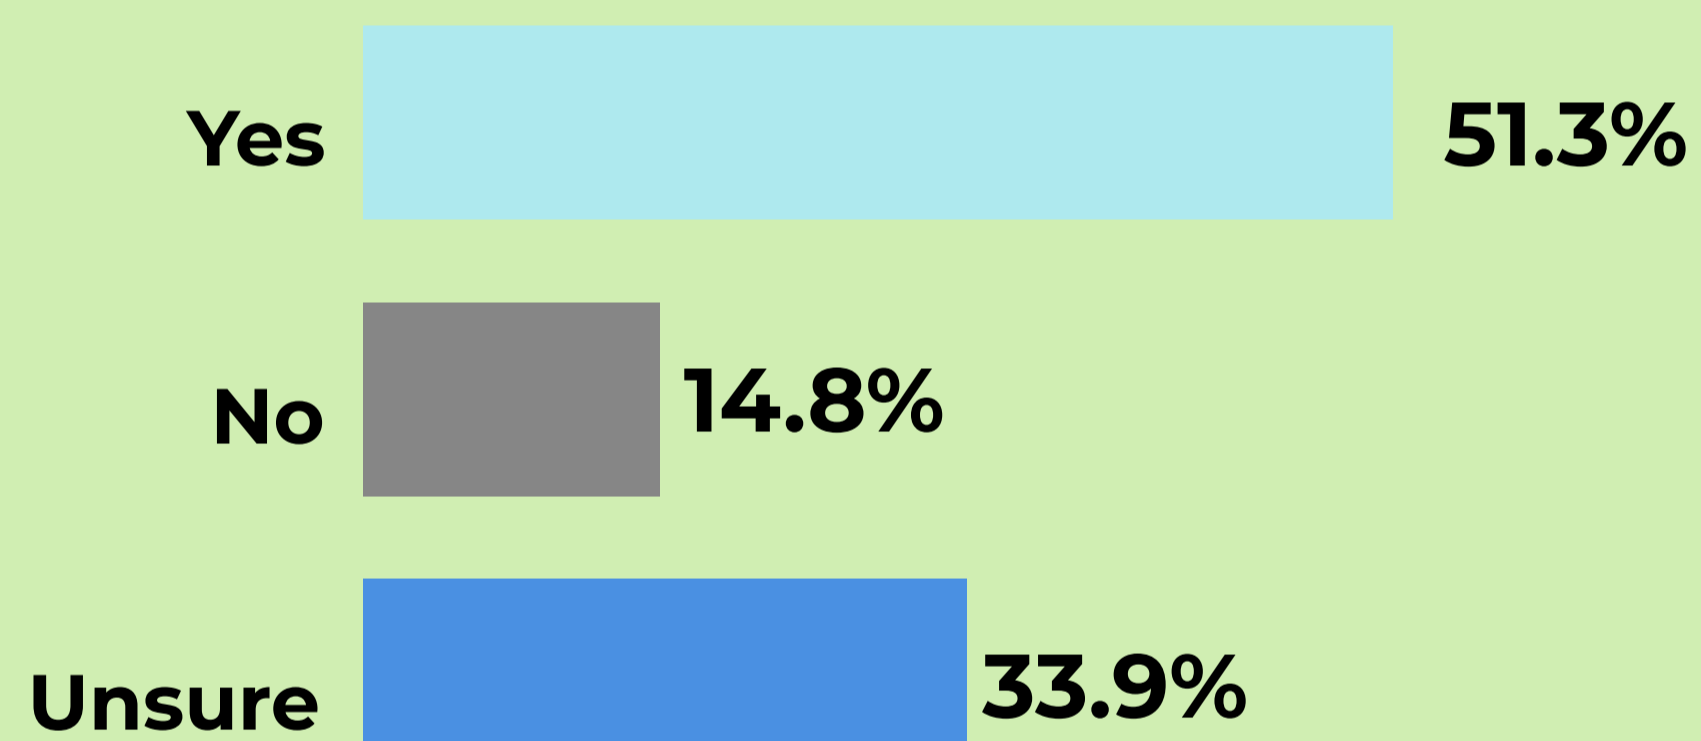

*Do you do activities to help others at school?*

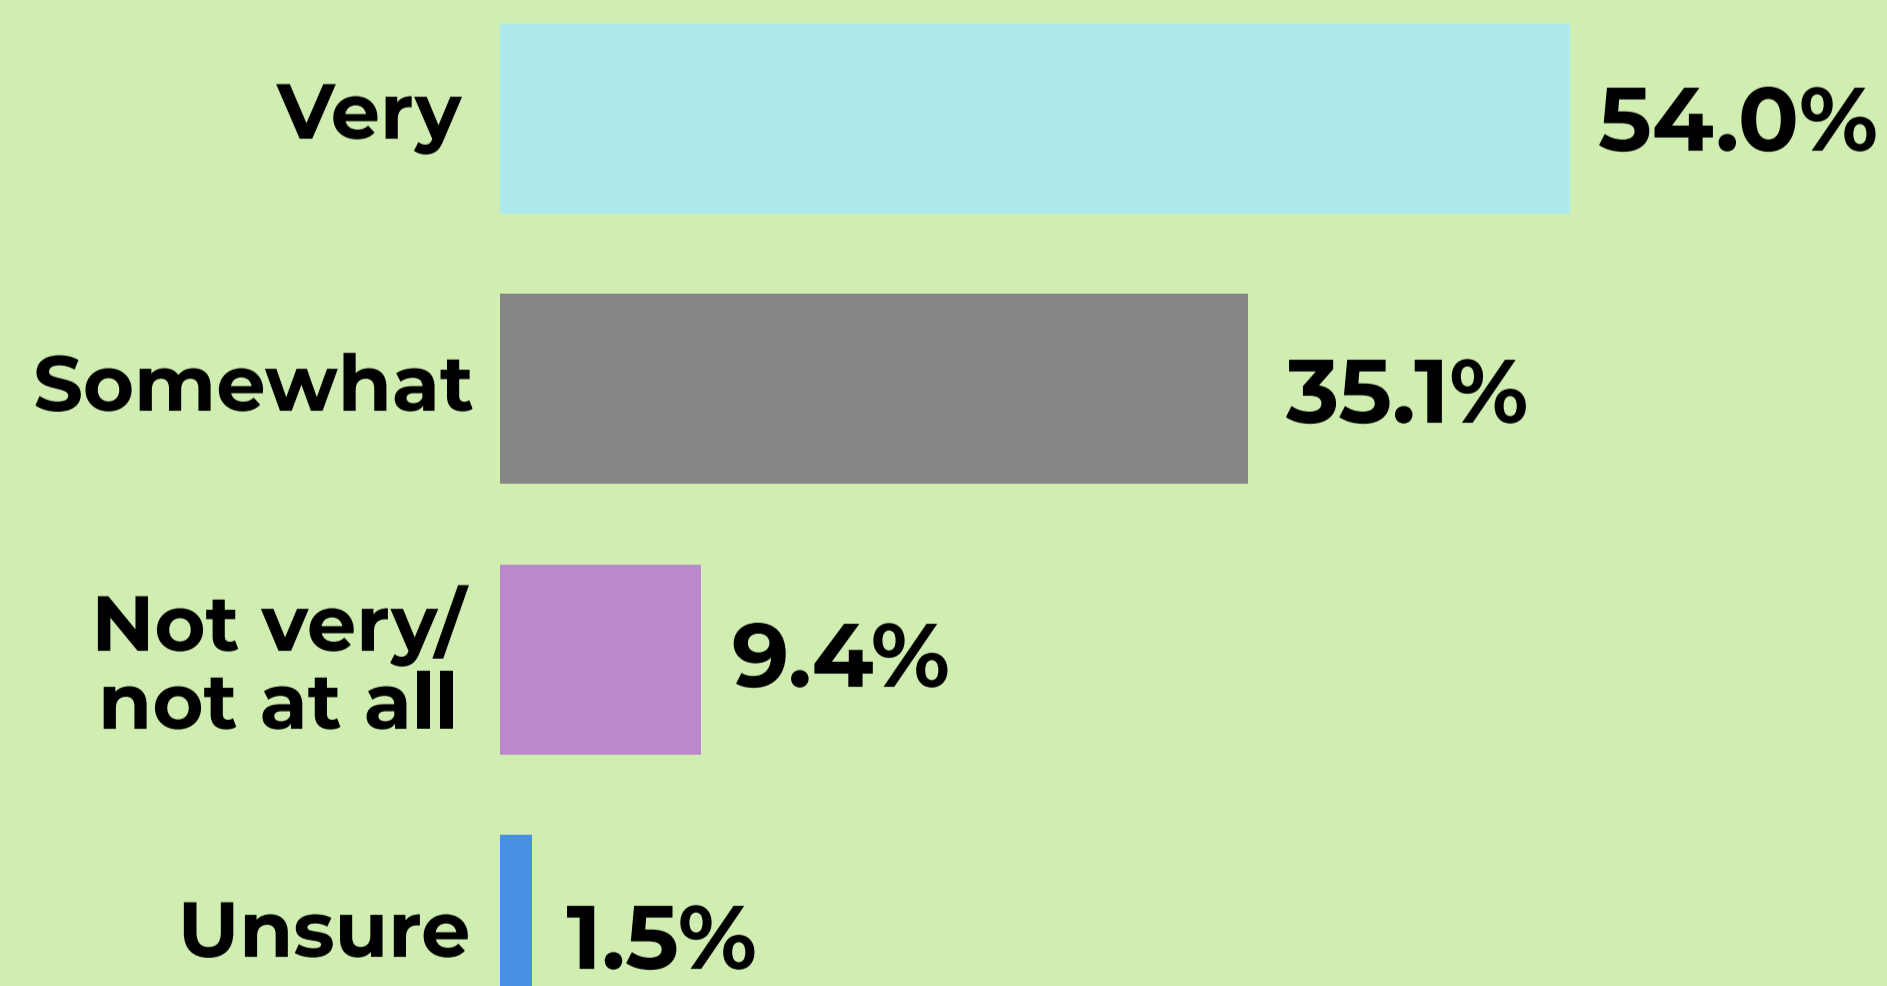

*How important is it to you to be proud of your school work?*

*Do you feel like you are part of your school?*

*How valuable is what you are learning at school to you and your future?*

*How important is it to you to be at school every day?*
